

EXPERIENCE VISTAGE

**Do Vistage CEOs
know something that
you don't?**

YES!

- Real-world perspectives from innovative leaders
- Honest advice from seasoned executives
- Help with critical business decisions
- Lasting results for your business

At "Experience Vistage," attendees will participate in an executive issue processing session and have an opportunity to meet with some of the organization's current members and leaders. They will also communicate with the group chairman and get an inside look at being a member of this chief executive group.

Vistage provides business leaders with access to new business perspectives, innovative strategies and actionable items for making better decisions and achieving better results. Members engage in ongoing peer workshops, one-to-one business coaching, speaker presentations from top industry experts, social networking, webinars and an extensive online content library.

Vistage Florida includes more than 800 chief executives throughout the state.

Limited memberships are by invitation only to results-driven executives with a strong desire to enhance their leadership capabilities and influence others.

BY INVITATION ONLY
